

How will the PSTN/ISDN Switch off affect me?

Maintel can help seamlessly migrate your existing services to an exciting new digital future

Find out more maintel.co.uk/pstn-switch-off

The PSTN/ISDN Switch off will impact businesses in more ways than one, with equipment such as lift lines, alarms and CCTV, to door entry systems and ATM's potentially affected. To avoid any systems outage we would recommend a thorough audit to identify from the examples above what they maybe and help you ensure your business continuity.
